2017
Opportunity Finance Network Conference
Washington, D.C. • November 14–17, 2017
WHY BE A CONFERENCE SPONSOR?

The Opportunity Finance Network Conference is the premier meeting place for the community development financial institution (CDFI) industry.

The Opportunity Finance Network Conference—and the CDFI industry's heightened visibility and increasing relevance to today's economic challenges—provides Conference Sponsors with an unparalleled platform to connect with CDFIs, increase awareness of their organizations' work, and support and strengthen the practice of opportunity finance.

- **Be Visible.** Sponsors are front and center before, during, and after the Conference. This is without a doubt the single best opportunity each year to increase visibility with an industry-wide audience that includes CDFI leaders, investors, and policy makers.

- **Connect.** Network with the nation's leading CDFIs, who attend the Conference to find new ideas, relationships, and resources to drive their organizations' growth and performance.

- **Lead.** As a Conference Sponsor, your organization is among those driving transformational change in the CDFI industry—change that will deliver real results to low-income and low-wealth communities across the U.S.

ABOUT THE CONFERENCE

Each year the Opportunity Finance Network Conference brings together more than 1,100 opportunity finance practitioners, investors, and advocates to network, learn, and do business.

We expect that the 2017 Conference will be the largest ever. It will continue to build the CDFI industry's capacity to meet today's challenges—and prepare for tomorrow's opportunities—through more than 60 sessions, dozens of networking opportunities, and a growing Trade Show.

The Conference will offer Sponsors numerous opportunities for visibility, and participants countless opportunities to sharpen their core skills, learn about new sectors in which CDFIs are making a difference, and discover critical sources of capital for their work.

Breakdown of Conference Attendees

- CDFI executive management, staff, and board: 61%
- Financial institutions, foundations, & other investors: 15%
- Other CDFI industry professionals: 23%
- CDFI executive management, staff, and board: 61%
- Regulators & Federal agencies: 2%
THE OPPORTUNITY FINANCE INDUSTRY

The opportunity finance industry is a leading source of innovative, market-based solutions for economically distressed communities and underserved people across the United States.

Community Development Financial Institutions, or CDFIs, are leaders of our mission-driven industry, which over the past 30 years has grown to include revolving loan funds, venture funds, banks, and credit unions managing more than $10 billion in total assets—capital provided principally by the private sector.

CDFIs have proved they can lend prudently and productively to unconventional markets. Combining innovation and determination, CDFIs invest in urban, rural, and reservation-based markets across the United States to create businesses, jobs, home ownership, greater wealth, and a better quality of life for low-income and low-wealth people.

Opportunity Finance Network’s Member CDFIs have provided more than $40 billion in investments—with cumulative net charge offs of less than 2%. From financing multi-million dollar affordable housing developments to providing a $2,000 microloan to an entrepreneur, CDFIs’ loans, investments, and financial services are delivering real impact and solid financial results in markets that many consider too risky or too difficult to serve.

OPPORTUNITY FINANCE NETWORK

OFN is the leading network of CDFIs, providing transformational leadership that maximizes the power of CDFI financing and related strategies. OFN focuses its efforts on understanding and assessing CDFI performance, convening practitioners and partners to share knowledge about practice and strategy, driving strategic innovation, and building deep and broad public support for the CDFI industry.

JOIN US!

We hope you will join us as a Conference Sponsor!
