Join us June 16-17 for the [2020 Small Business Finance Forum: Virtual Edition!](#)

This year, the Forum takes place during a tumultuous time when CDFIs—America's financial first responders—are working tirelessly to provide relief and recovery assistance to small businesses across the country.

It is in this context that [Opportunity Finance Network](#), a national network of nearly 300 CDFIs, offers an opportunity for the industry's small business community to come together virtually to support, inspire, and learn from each other.

Now in its ninth year, the Forum will place a primary focus on short-term relief and long-term recovery efforts for small businesses, as well as the long-term sustainability of CDFIs.
