Roxanna Collazo, Firefly Dual Language Academy, Houston, TX

Roxana's inspiration to be a teacher came from the emphasis her parents placed on education, but it was her desire to create a brighter future for students that led her to want to open her own dual language learning center. However, as a first time business owner, she quickly realized that she couldn't turn to traditional lending sources. LiftFund helped her realize her dream of owning a learning center by providing a U.S. SBA 7a Community Advantage Loan. "We want to give children a head start to their future by providing a dual language curriculum where they will learn how to read and write in both English and Spanish," said Roxana.
